Lab 1 Flowchart-Pseudocode

Create a Flowchart to prompt the end-user for any three integer numbers and display the product of these three numbers. Also display “Hello World” and a “Thank you”.

#### Pseudocode

```
Start
Output
  "Hello World"
Display my information
Declare my variables
  Height
  Age
  Weight
Output
  "Please enter your height (in inches), age, and weight."
Input
  Height
  Age
  Weight
Output
  "Thank you"
  "You entered Height:" height
  "Age is:" age
  "Weight is:" weight
Stop
```
